**Document Number:** [172](#)

**Docket Text:**

**MINUTE entry before the Honorable Jeffrey Cummings: Off-the-record status conference regarding settlement held with counsel for the parties. The Court and the parties discussed the possibility of plaintiff conducting his proposed inspection of the Cermak ramp on the same date during the week of August 14 when counsel are scheduled to be present for an inspection of three other ramps pursuant to an order issued in a separate lawsuit. The parties understand that such an inspection would suffice as the inspection that the District Court previously ordered that plaintiff should be able to conduct during expert discovery [148], in the event that the case does not settle during the parties' forthcoming settlement conference. Defense counsel will advise plaintiff's counsel no later than 5:00 p.m. on 8/7/23 whether there is any logistical difficulty with plaintiff conducting the proposed inspection of the Cermak ramp on the date in question. The parties are further ordered to advise the Court on 8/7/23 regarding this issue as well as their mutually available dates for a remote video settlement conference during the week of 10/16/23 in a joint status report submitted to the Court's settlement correspondence mailbox, (Settlement\_Correspondence\_Cummings@ilnd.uscourts.gov).
